Letter in Lieu of Motion

Re: Interpreter to be admitted to MDC

Please note that my client Razahn Shulaya has hired a qualified interpreter to translate out conversations and I applied to MDC over two weeks ago to have this handled. As per our conversation, these restrictions are not allowing me to effectively represent my client. I have attached my interpreters resume and certification and I ask the court to order MDC to allow her in to assist in my client's case.

I am asking that the court order that she be allowed to enter with me to interpret for my clients so I can effectively represent him. I have attached her information and certificate as a certified interpreter to assist me with this case.
